

23rd Annual

Houston Conference of
Young People in A.A.

WHAT'S
YOUR
NAME?

"Hi, My Name Is..."

July 30th - August 1st
Hyatt Regency
Houston, TX

A Brief History...

Welcome to the Houston Conference of Young People in Alcoholics Anonymous. We invite you to share your experience, strength, and hope with us at this annual event. We thank you for your continued support and ask that you help us practice the twelve principles by respecting the property of the Hyatt Regency. Let our behavior be a good reflection of our purpose in carrying the message of hope and recovery. There will be many newcomers attending this function; please extend the hand of friendship as it was given to you.

Alcoholism recognizes no barriers, age included. The first young people's groups in AA appeared in 1945 in Los Angeles, California and Philadelphia, Pennsylvania. Bill W, at the 1960 AA conference, noted that the age of the new members was much lower than when he and Dr. Bob founded AA twenty five years earlier. The trend has continued. In 1998 a survey from U.S. and Canada showed that about one-fifth of A.A.'s were under thirty. The number of young people suffering from alcoholism who turn to AA for help is still growing and the purpose of young people's groups, just as it has been for many years, is carry AA's message of recovery to alcoholics, no matter what their age. Young people's groups provide young newcomers with a meeting where they can see and share the experience of sobriety with other young people.

The Houston Conference of Young People in Alcoholics Anonymous meets annually. This conference provides an opportunity for young AA's from all over the region to come together and share their experience, strength and hope as young people in AA. HCYPAA is overwhelmingly visible evidence that large numbers of young people are achieving lasting sobriety in Alcoholics Anonymous.

Welcome to the Twenty-Third Annual Houston
Conference of Young People in Alcoholics
Anonymous
